

Jōshu Distribution Channels

1. Insurer Direct and Agent Portal

Use Joshu Stores to create your own agent-facing or direct portal

2. Agency White Label Portal

You can white label a store for agencies or other distribution partners, while maintaining control of the portal

3. Insurer Homegrown Portal

If you already have a portal then you can add new products faster to it using Joshu's built-in Quote & Bind API

4. Digital Brokers and Quote Aggregators

Use Joshu's Quote & Bind API to distribute through agency-owned portals, quote comparison tools, or AMS

5. Embedded Insurance

Use Joshu's Quote & Bind API to embed your insurance product in any e-commerce flow for great product placement
